A groundbreaking prescription for health care reform--from a legendary leader in innovation . . . Our health care system is in critical condition. Each year, fewer Americans can afford it, fewer businesses can provide it, and fewer government programs can promise it for future generations. We need a cure, and we need it now. Harvard Business School's Clayton M. Christensen—whose bestselling *The Innovator's Dilemma* revolutionized the business world—presents *The Innovator's Prescription*, a comprehensive analysis of the strategies that will improve health care and make it affordable. Christensen applies the principles of disruptive innovation to the broken health care system with two pioneers in the field—Dr. Jerome Grossman and Dr. Jason Hwang. Together, they examine a range of symptoms and offer proven solutions. YOU'LL DISCOVER HOW "Precision medicine" reduces costs and makes good on the promise of personalized care Disruptive business models improve quality, accessibility, and affordability by changing the way hospitals and doctors work Patient networks enable better treatment of chronic diseases Employers can change the roles they play in health care to compete effectively in the era of globalization Insurance and regulatory reforms stimulate disruption in health care Each chapter of the Student Study Guide begins with a chapter review tied to the chapter goals in the text. Next. Sample problems are supplied and stepped out through the solution, for each type of problem covered in the chapter. A Self-Test serves up fill-in-the-blank exercises to assess learning, with answers supplied at the end of the chapter. Finally, chapters end with the solutions for all of the in-chapter problems, as well as for the odd-numbered end-of-chapter problems. Student Solutions Manual: The Student Solutions Manual provides comprehensive, worked-out solutions to all of the odd-numbered exercises. The steps shown in the solutions match the style of solved examples in the textbook. The student solutions manual provides students with complete solutions to all odd end of section and end of chapter problems. The solution manual provides step-by-step solutions guiding the student through the reasoning behind each problem in the text. There is also a self-test at the end of each chapter, designed to assess the student's mastery of the material. Prepared by Bruce Swensen of Adelphi University this resource contains solutions to all end of chapter problems for easy reference. Written by Janice Gorzynski Smith and Erin R. Smith, the Student Study Guide/Solutions Manual provides step-by-step solutions to all in-chapter and end-of-chapter problems.
