Hybrids and full bloods became sworn enemies

millennia ago. A hybrid witch, a full blood warg, and a fairy make unlikely companions, but maybe that's what it takes to save the world. Gabrielle McCallaghan sucked it up and quit a job she hated to spare her uncle the embarrassment of firing her. With her bond fairy on her shoulder, she's wandering through a crowded neighborhood contemplating her options when a full blood magic wielder makes a beeline right for her. Gabby's hybrid witch magic is no match for his, so she turns to flee. The contest is laughable. Even in his human form, the wolf-man is far stronger than she—or the fairy—ever dreamed of being. Warin is weary and disgusted with the long running war targeting hybrid mages. There's a bigger picture, but his kin refuse to consider it. His next stop is the Coven's council. Maybe he can light a fire under the hybrids. He's on his way there when an alluring witch crosses his path. Recognizing opportunity, he shifts strategies fast. If he can persuade one witch to his side, maybe others will see the light. With sex as a lure, Gabby is drawn into a deadly game of intrigue that started over a thousand years before. The stakes are high and the timing abysmal, but she falls in love in spite of herself. Can she and her full blood lover make a life for themselves? Or will the long-running battle between full bloods and hybrids pound their fragile bond to dust? Having overcome countless trials (without much difficulty), Yogiri and Tomochika finally managed to reunite with their classmates in the capital. But between the efforts of Ayaka, a synthetic classmate who swore revenge against her fellow students, the meddling of Sion, a Sage determined to cull the weak and produce a new superbeing from their class of candidates, and the revival of the Dark

God Mana, the majority of the class — not to mention the entire capital — were ultimately wiped out. Somehow, amid the chaos, the unlikely pair were able to draw Sion out and acquire their first concrete clue about how to get home: they will need a number of Philosopher's Stones, powerful artifacts carried within the bodies of the Sages. After taking one from Sion and finding another dropped into their laps by Risley, the only surviving clone of the Sage Lain, who they killed some time earlier, the two highschoolers set off in search of a third energy source, leaving a trail of ruins behind them. Carter Barsetti, son of Cane Barsetti, just wants to enjoy life in the fast lane, but when he's paid to rescue a man's daughter from The Underground, his life becomes more complicated than he could ever imagine. From New York Times Bestselling Author Jasinda Wilder comes a sexy, laugh out loud romantic comedy series that is the perfect escape. If you're a fan of Sex in the City and you binge watched Selling Sunset, you don't want to miss this. It was just supposed to be just a 40th birthday prank for our boss after a wild night of girlfriends, laughter, and a LOT of margaritas. When we placed the ad in the newspaper, we never thought anyone would actually answer it. We also didn't think that Laurel would be so brainless as to put Lizzy's actual phone number in the ad... “Many books on network security and firewalls settle for a discussion focused primarily on concepts and theory. This book, however, goes well beyond these topics. It covers in tremendous detail the information every network and security administrator needs to know when configuring and managing market-leading firewall products from Cisco.”

Bestselling Author Claudia Burgoa comes a single-dad sports
romance where the only thing more heartfelt than the small
town is the love story. I never wanted to go back to Baker's
Creek. But when it rains, it pours. I lost my job, lost the guy,
and lost the house. The perfect trifecta of ruin. Ten years
after I said I can make it on my own, I have no choice but to

ask for help. But it's my mother who needs me now... So it's back to where I don't belong. There's no opportunity in my hometown. The only job that I can get is nannying. For a player from the Vancouver Orcas. "Mean" Mills Aldridge is going to be my new boss... and I'm supposed to pretend he isn't sex on skates. Between avoiding the town mean girls, helping my parents, and trying not to behave like a puck bunny, my job with that sweet boy is fast becoming just like the rest of my life--one big complication. My only escape is my late-night chats with Mills. The confessions we share make me feel like I belong. The stolen kisses make it hard to remember why I ever left. Until the opportunity I've been waiting for arrives, and it's time for me to say goodbye. But can I leave that little boy and his father behind? The Baker's Creek Billionaire Brothers series is a romantic comedy saga that's swoonful and sexy, with the right mix of ugly-cry moments and sweet seductions.
