Originally commissioned by the The Times newspaper in 1931 as a response to a critique of their previous typeface, the Times type family has become one of the most commonly used worldwide. Distributed by Microsoft with every copy of Windows, it has become the most widely accepted typeface for college papers and US paperbacks. This brand new volume in the I Love Type series from Victionary is expertly curated to prove that this highly functional type family can be highly aesthetic and cutting edge when utilised by internationally respected designers. Gill Sans, a sans-serif typeface widely used today, was designed by Eric Gill in 1926; the first public usage of the typeface was that same year, when Gill used it on signage for a new bookshop opening in his hometown of Bristol. Gill Sans gained popularity in 1929 when it was chosen by Cecil Dandridge to

be used on all posters and publicity materials of the London and North Eastern Railway systems. The iconic and highly legible lettering can still be seen on everything from locomotive nameplates and station signage to restaurant car menus and printed timetables. In 1935, Penguin Books began to use the typeface for all of its jacket designs and in recent years, Gill Sans has been adopted formally for a wide variety of purposes from the Church of England's publications to Saab Automobiles' sleek usage in all of its marketing materials. The BBC officially adopted the typeface in 1997, and the British Government itself followed suit in 2003. *I Love Type 05 Gill Sans* explores the multitude of unexpected ways this popular typeface has been used, subverted, and reinvented by a host of clever and inspired designers in recent years.

Everything changes in a single moment for Dawn Edelstein. She's on a plane when the flight attendant makes an announcement: Prepare for a crash landing. She braces herself as thoughts flash through her mind. The shocking thing is, the thoughts are not of her husband but of a man she last saw fifteen years ago: Wyatt Armstrong. Dawn, miraculously, survives the crash, but so do all the doubts that have suddenly been raised. She has led a good life. Back in Boston, there is her husband, Brian, their beloved daughter, and her work as a death doula, in which she helps ease the transition between life and death for her clients. But somewhere in Egypt is Wyatt Armstrong, who works as an archaeologist unearthing ancient burial sites, a career Dawn once studied for but was forced to abandon when life suddenly intervened. And now, when it seems that fate is offering her second chances, she is not as sure of the choice she once made. After the crash landing, the airline ensures that the survivors are seen by a doctor, then offers transportation to wherever they want to go. The obvious destination is to fly home, but she could take another path: return to the archaeological site she left years before, reconnect with Wyatt and their unresolved history, and maybe even complete her research on *The Book of Two Ways*—the first known map of the afterlife. As the story unfolds, Dawn's two possible futures unspool side by side, as do the secrets and doubts long buried with them. Dawn must confront the questions she's never truly asked: What does a life well lived look like? When we leave this earth, what do we leave behind? Do we make choices . . . or do our choices make us? And who would you be if you hadn't turned out to be the person you are right now? In this issue of *The Ministry* we

include the final six messages from the Spring 2002 International Training for Elders and Responsible Ones held in Anaheim, California. The general subject of the training was knowing the Body. Three messages were on the specific topic of knowing the Body--the building up of the Body, and the last three messages were practical fellowship concerning the functioning of the elders. Under the topic of knowing the Body--the building up of the Body, the first message emphasizes that as we grow up into Christ, the Head, in all things, our function will come out from the Head for the building up of the Body of Christ. The second message points out what the living and service of the Body of Christ is. The living of the Body of Christ includes: 1) taking Christ as its Head, life, content, principal object, center, and goal, 2) having the Spirit as its essence and reality and taking the Spirit as its secret and effectiveness, 3) taking the crucifixion and resurrection of Christ as its regulation, and 4) taking life and the Body as the principle. The service of the Body of Christ is living, organic, and particular, with each member receiving a particular burden from the Lord to fulfill his own service. The third message reveals the divine commission according to the heavenly vision for the increase and building up of the Body. Under the topic of practical fellowship concerning the functioning of the elders, the first message speaks about the position and function of the elders. The second message points out that the elders are slaves, and as such they must have the spirit of a slave, the spirit of sacrifice. The third message stresses that the main responsibility of the eldership is the shepherding of the saints into the intrinsic aspect of the church, the Body. Last of all, we include reports concerning the Lord's move in the former Soviet Union and among the young people in Europe. From Colleen Hoover, the #1 New York Times bestselling author of *It Starts with Us* and *It Ends with Us*, a heart-wrenching love story that proves attraction at first sight can be messy. When Tate Collins meets airline pilot Miles Archer, she doesn't think it's love at first sight. They wouldn't even go so far as to consider themselves friends. The only

thing Tate and Miles have in common is an undeniable mutual attraction. Once their desires are out in the open, they realize they have the perfect set-up. He doesn't want love, she doesn't have time for love, so that just leaves the sex. Their arrangement could be surprisingly seamless, as long as Tate can stick to the only two rules Miles has for her. Never ask about the past. Don't expect a future. They think they can handle it, but realize almost immediately they can't handle it at all. Hearts get infiltrated. Promises get broken. Rules get shattered. Love gets ugly. An entertaining and eye-opening relationship book in the tradition of the million-copy bestseller *The Five Love Languages* How can two people who love each other not get along? Most relationships founder not from a lack of love, but from a lack of understanding. In *Lovebirds*, couples therapist and birdwatcher Trevor Silvester shows how birds of a different feather can flock together. The quizzes in *Lovebirds* reveal which of eight birds you are, and which your partner is. Are you a ground bird or a sky bird? A sight bird or a song bird? If you're an owl, and you spend a lot of time talking to yourself, then how do you get along with a nightingale, one of the great song birds, which directs most of its talking outward? If you're a swan, and you prefer to stay on the ground, knowing things up close and in detail, then what kind of future do you have with a swift, which trusts its instincts over logic and can live happily in the clouds? Whimsical and wise, and with charming illustrations, *Lovebirds* puts a whole new spin on the relationship book.

The Five Love Languages is a consistent New York Times bestseller - with over 5 million copies sold and translated into 38 languages. This book is a sales phenomenon, with each year outselling the prior for 16 years running! When her long-estranged father invites sixteen-year-old Liv Varanakis to help him film a documentary about his theories on Atlantis, she looks forward to reconnecting but discovers he may have invited her to Greece for a very different reason. A New York Times bestseller and enduring classic, All About Love is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. All About Love reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun, yet we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in All About Love. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness--not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society's failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question "What is love?" her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The Utne Reader declared bell hooks one of the "100 Visionaries Who Can Change Your Life." All About Love is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better. It was never just about the bedroom. Life as an escort is Tom's kind of fun. His ambitions are simple: to enjoy himself, speak his mind, and finance his eccentric fashion habit.

He's never found romance, security, or trust from anyone except his found family at the Haven Hotel, where the type of men he meets are passing strangers who hopefully tip well. Then on one hot, summer afternoon at the hotel, he has a steamy, delicious encounter with Mr Flash (aka Craig) and a whole new ambition opens up. Craig is a high-status banker, twice Tom's age, and infamous for his honest but blunt ways. The type of men he dates are socially acceptable, discreetly dressed, and well-behaved... and Tom is none of that. But Craig knows what he wants, and that's more of the gorgeous, infuriating young man who gave him one of the most exciting hours of his life. The chemistry between them is hot and irresistible, and far more than a business transaction. But dating throws their lives into turmoil: a partnership between a fiercely independent street boy and a privately-educated businessman seems doomed from the start. When they attend a prestigious dinner together, Tom meets public disapproval and way too much formality, while Craig finds his whole career at risk from industrial espionage. They share core values, but is that enough? Two types of men, different everywhere except where it counts; in their hearts. Together they make their own rules. "Over a decade after its publication, one book on dating has people firmly in its grip." -The New York Times We already rely on science to tell us what to eat, when to exercise, and how long to sleep. Why not use science to help us improve our relationships? In this revolutionary book, psychiatrist and neuroscientist Dr. Amir Levine and Rachel Heller scientifically explain why why some people seem to navigate relationships effortlessly, while others struggle. Discover how an understanding of adult attachment—the most advanced relationship science in existence today—can help us find and sustain love. Pioneered by psychologist John Bowlby in the 1950s, the field of attachment posits that each of us behaves in relationships in one of three distinct ways: • Anxious people are often preoccupied with their relationships and tend to worry about their partner's ability to love them back • Avoidant people equate intimacy with a loss of independence and constantly try to minimize

closeness. • Secure people feel comfortable with intimacy and are usually warm and loving. Attached guides readers in determining what attachment style they and their mate (or potential mate) follow, offering a road map for building stronger, more fulfilling connections with the people they love. FOR MY LOVE ENDURES FOREVER, Book 2 ABOUT THIS BOOK

The introduction to this book asks the question, What word would describe a life when love is taken away but not removed from the heart? Indeed, there exist many choices of words with which to answer, probably as many choices as there are people in all walks of life faced with that question at one time or another. At the time of the death of my wife, I, a visual artist unable to express an appropriate answer in the two dimensions I knew, one I could remain living with, could only do what my heart dictated. For better or worse, for richness of thought or paucity in meaning, I arrived at a type of marriage between the known and the spiritual, one speaking of both and of the love affair that paradoxically never ended, which still exists in a spiritual context.

Joseph Anthony Russo A repackaged edition of the revered author's classic work that examines the four types of human love: affection, friendship, erotic love, and the love of God—part of the C. S. Lewis Signature Classics series. C.S. Lewis—the great British writer, scholar, lay theologian, broadcaster, Christian apologist, and bestselling author of *Mere Christianity*, *The Screwtape Letters*, *The Great Divorce*, *The Chronicles of Narnia*, and many other beloved classics—contemplates the essence of love and how it works in our daily lives in one of his most famous works of nonfiction. Lewis examines four varieties of human love: affection, the most basic form; friendship, the rarest and perhaps most insightful; Eros, passionate love; charity, the greatest and least selfish. Throughout this compassionate

and reasoned study, he encourages readers to open themselves to all forms of love—the key to understanding that brings us closer to God. One of the great ironic moral comedies of the late Middle Ages, *Libro de Buen Amor* holds a place in Spanish literature comparable with that of Chaucer's *Canterbury Tales* in the English tradition. This edition presents, on facing pages, the Salamanca Old Spanish text (dated 1343) and the first English-language verse translation since 1933. The fictional autobiography of the picaro Archpriest of Hita, Juan Ruiz, is a treasury of fables and fabliaux, mock heroic allegory, joyous parodies of churchly and legal ritual--all digressions to the hilarious tale of the persistent but abortive adventures of the author as lover. Lord Love and Lady Venus advise with their Ovidian Arts of Love. The Archpriest himself consistently maintains that his "models for sinning" will be read virtuously by the virtuous though salaciously by the wicked--in this moral ambiguity resembling Boccaccio of the *Decameron* and Chaucer of the bawdier tales. Although the Salamanca text is used, as the most complete extant version of Ruiz's work, gaps are filled from the Gayoso manuscript, and variant readings are given from this and the Toledo fragment. Textual spellings are changed to conform with modern Spanish usage, but without sacrificing the phonological characteristics of Old Spanish. The translation (which starts from a draft by the late Hubert Creekmore) attempts to approximate the techniques of the medieval poet. Within the demanding limits of a verse form faithful to the original, the translation uses devices of medieval rhetoric, particularly wordplay. A Reader's Guide follows the text and translation, as a means of avoiding the distraction of line-by-line annotation, and an annotated bibliography leads to major critical themes and controversies still surrounding Ruiz. The introduction describes the poet's virtuoso display of poetic forms, which relate this intensely Spanish work to the literature of medieval Europe, and appraises the poet's consciousness as one relevant to modern social tensions. Have you ever looked around and wondered, "Why has everyone found love except me?" You're not the only one.

Great relationships don't just appear in our lives—they're the culmination of a series of decisions, including whom to date, how to end it with the wrong person, and when to commit to the right one. But our brains often get in the way. We make poor decisions, which thwart us on our quest to find lasting love. Drawing from years of research, behavioral scientist turned dating coach Logan Ury reveals the hidden forces that cause those mistakes. But awareness on its own doesn't lead to results. You have to actually change your behavior. Ury shows you how. This "simple-to-use guide" (Lori Gottlieb, New York Times bestselling author of *Maybe You Should Talk to Someone*) focuses on a different decision in each chapter, incorporating insights from behavioral science, original research, and real-life stories. You'll learn: -What's holding you back in dating (and how to break the pattern) -What really matters in a long-term partner (and what really doesn't) -How to overcome the perils of online dating (and make the apps work for you) -How to meet more people in real life (while doing activities you love) -How to make dates fun again (so they stop feeling like job interviews) -Why "the spark" is a myth (but you'll find love anyway) This "data-driven" (Time), step-by-step guide to relationships, complete with hands-on exercises, is designed to transform your life. *How to Not Die Alone* will help you find, build, and keep the relationship of your dreams. In this lyrical, exuberant tale, acclaimed Turkish author Elif Shafak, author of *The Island of Missing Trees* (a Reese's Book Club Pick), incarnates Rumi's timeless message of love. *The Forty Rules of Love* unfolds two tantalizing parallel narratives—one contemporary and the other set in the thirteenth century, when Rumi encountered his spiritual mentor, the whirling dervish known as Shams of Tabriz—that together explore the enduring power of Rumi's work. *Ella Rubenstein* is forty years old and unhappily married when she takes a job as a reader for a literary agent. Her first assignment is to read and report on *Sweet Blasphemy*, a novel written by a man named Aziz Zahara. Ella is mesmerized by his tale of Shams's search for Rumi and the dervish's role in transforming the

successful but unhappy cleric into a committed mystic, passionate poet, and advocate of love. She is also taken with Shams's lessons, or rules, that offer insight into an ancient philosophy based on the unity of all people and religions, and the presence of love in each and every one of us. As she reads on, she realizes that Rumi's story mirrors her own and that Zahara-like Shams-has come to set her free. Featuring fluent curves and strokes without serifs, DIN, released by Frankfurt's D Stempel AG foundry in 1923, is minimal in appearance, bold, striking and highly legible. I LOVE DIN focuses on DIN and its variations in contemporary graphic design and is the fourth volume of the I LOVE TYPE series. Committee calls for much greater transparency from the Treasury in accounting for the liabilities taken on by the nationalisation and part-nationalisation of financial institutions. The report recommends that these disclosures appear in the annual Treasury resource accounts. Furthermore they should be at least as comprehensive as those made by major corporations and go further than meeting the minimum acceptable accounting standards. In particular, the Report notes that the Treasury's 2007-08 Annual Report and Accounts cover the Government's financial relationship with Northern Rock but do not comment on its performance under temporary public ownership. Given the level of interest in the fully nationalised institutions of Northern Rock and Bradford & Bingley, and the Treasury's role in their governance, the report recommends that key performance information for these institutions be published in the resource accounts as well. The wholesale nationalisation of Northern Rock, and Bradford & Bingley has created governance responsibilities for the Treasury while these entities remain under public ownership. The Government's announcements of October 2008 created further responsibilities regarding the oversight of part-nationalised banks, and created a new body, UK Financial Investments (UKFI). The report calls for UKFI to report annually to Parliament and to be accountable to the Treasury Committee. The Committee wants the Government to identify and publish performance indicators for UKFI, and to report against these measures on a six-monthly basis. All these developments are additional challenges for the Treasury and require it to act in areas its current staff base may not be fully equipped for or familiar with. The Government must ensure the Treasury is sufficiently resourced to manage the extended responsibilities arising from the economic downturn, especially those regarding financial stability. A deeply-reported examination of why "doing what you love" is a recipe for exploitation, creating a new tyranny of work in which we cheerily acquiesce to doing jobs that take over our lives. You're told that if you "do what you love, you'll never work a day in your life." Whether it's working for "exposure" and "experience," or enduring poor treatment in

the name of "being part of the family," all employees are pushed to make sacrifices for the privilege of being able to do what we love. In *Work Won't Love You Back*, Sarah Jaffe, a preeminent voice on labor, inequality, and social movements, examines this "labor of love" myth—the idea that certain work is not really work, and therefore should be done out of passion instead of pay. Told through the lives and experiences of workers in various industries—from the unpaid intern, to the overworked teacher, to the nonprofit worker and even the professional athlete—Jaffe reveals how all of us have been tricked into buying into a new tyranny of work. As Jaffe argues, understanding the trap of the labor of love will empower us to work less and demand what our work is worth. And once freed from those binds, we can finally figure out what actually gives us joy, pleasure, and satisfaction. Whether you're newly together and eager to make it work or a longtime couple looking to strengthen and deepen your bond, *Eight Dates* offers a program of how, why, and when to have eight basic conversations with your partner that can result in a lifetime of love. "Happily ever after" is not by chance, it's by choice—the choice each person in a relationship makes to remain open, remain curious, and, most of all, to keep talking to one another. From award-winning marriage researcher and bestselling author Dr. John Gottman and fellow researcher Julie Gottman, *Eight Dates* offers an ingenious and simple-to-implement approach to effective relationship communication. Here are the subjects that every serious couple should discuss: Trust. Family. Sex and intimacy. Dealing with conflict. Work and money. Dreams, and more. And here is how to talk about them—how to broach subjects that are difficult or embarrassing, how to be brave enough to say what you really feel. There are also suggestions for where and when to go on each date—book your favorite romantic restaurant for the Sex & Intimacy conversation (and maybe go to a yoga or dance class beforehand). There are questionnaires, innovative exercises, real-life case studies, and skills to master, including the Four Skills of Intimate Conversation and the Art of Listening. Because making love last is not about having a

certain feeling—it's about both of you being active and involved. Feeling and spreading love through words, actions, and affection. Jenny's never had much time for boys, K-pop, or really anything besides her dream of being a professional cellist. But when she finds herself falling for a K-pop idol, she has to decide whether their love is worth the risk. A modern forbidden romance wrapped in the glamorous and exclusive world of K-pop, XOXO is perfect for fans of Jenny Han and Maurene Goo. Jenny didn't get to be an award-winning, classically trained cellist without choosing practice over fun. That is, until the night she meets Jaewoo. Mysterious, handsome, and just a little bit tormented, Jaewoo is exactly the kind of distraction Jenny would normally avoid. And yet, she finds herself pulled into spending an unforgettable evening wandering Los Angeles with him on the night before his flight home to South Korea. With Jaewoo an ocean away, there's no use in dreaming of what could have been. But when Jenny and her mother move to Seoul to take care of her ailing grandmother, who does she meet at the elite arts academy she's just been accepted to? Jaewoo. Finding the dreamy stranger who swept you off your feet in your homeroom is one thing, but Jaewoo isn't just any student. Turns out, Jaewoo is a member of one of the biggest K-pop bands in the world. And like most K-pop idols, Jaewoo is strictly forbidden from dating anyone. When a relationship means not only jeopardizing her place at her dream music school but also endangering everything Jaewoo's worked for, Jenny has to decide once and for all just how much she's willing to risk for love. XOXO is a new romance that proves chasing your dreams doesn't have to mean sacrificing your heart, from acclaimed author Axie Oh.
