Voices in the History of Madness Jun 11 2022 This book presents new perspectives on the multiplicity of voices in the histories of mental ill-health. In the thirty years since Roy Porter called on historians to lower their gaze so that they might better understand patient-doctor roles in the past, historians have sought to place the voices of previously silent, marginalised and disenfranchised individuals at the heart of their analyses. Today, the development of service-user groups and patient consultations have become an important feature of the debates and planning related to current approaches to prevention, care and treatment. This edited collection of interdisciplinary chapters offers new and innovative perspectives on mental health and illness in the past and covers a breadth of opinions, views, and interpretations from patients, practitioners, policy makers, family members and wider communities. Its chronology runs from the early modern period to the twenty-first century and includes international and transnational analyses from Europe, North America, Asia and Africa, drawing on a range of sources and methodologies including oral histories, material culture, and the built environment. Her Heart for a Compass Nov 23 2020 "A brilliant and glittering jewel of a novel. I was wholly swept away by this story."--Allison Pataki, New York Times bestselling author of *The Queen's Fortune* "A tale of daring and determination, set against the glamorous heights, and the harsh restrictions of aristocratic society in the middle years of the British nineteenth century."--Sir Julian Fellowes, creator of "Downton Abbey" From one of the most famous former members of the British royal family, Sarah Ferguson, Duchess of York—a mesmerizing novel of a young noblewoman's coming-of-age that richly details both high society and low in Victorian England. Queen Victoria's close friend, the Scottish Duke of Buccleuch, Lady Margaret Montagu Scott is expected to make an advantageous marriage. But Margaret is an impulsive and outspoken girl in a repressive society where women are, quite literally, caged in corsets and required to conform. When Lady Margaret's parents arrange a society marriage for her, she tries to reconcile herself to the match. But shortly before her betrothal is announced, Margaret flees, leaving her parents to explain her sudden absence to an opulent ballroom stuffed with two hundred distinguished guests. Banished from polite society, Margaret throws herself into charitable work and finds strength in a circle of female friends like herself—women intent on breaking the mold, including Queen Victoria's daughter Princess Louise. Margaret resolves to follow her heart—a journey of self-discovery that will take her to Ireland, America, and then back to Britain where she finds the life she was always meant to lead. Robert Emmet Dec 25 2020 "Robert Emmet (1778-1803) was one of the most romantic of all Irish revolutionaries. His doomed relationship with Sarah Curran, his failed rebellion at the age of twenty-five and the brilliance of his speech from the dock, captured the popular imagination and created a powerful and enduring legend. W.B. Yeats declared that Emmet was the leading saint of Irish Nationalism." "This book reveals for the first time the complex and ingenious plans that Emmet devised for the rebellion. His youthful idealism and military talent proved insufficient, however, and his attempt to seize Dublin on 23 July 1803 was a dramatic failure. Captured soon after, Emmet won an unlikely victory with his extraordinary speech from the dock that is rightly considered to be one of the greatest courtroom orations in history. He died bravely on the scaffold the next day."-BOOK JACKET. Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

Hearing Voices Sep 14 2022 Hearing Voices takes a fresh look at sound in the poetry and prose of colonial Latin American poet and nun Sor Juana Inés de la Cruz (1648/51-95). A voracious autodidact, Sor Juana engaged with early modern music culture in a way that resonates deeply in her writing. Despite the privileging of harmony within Sor Juana's work, however, links between the poet's musical inheritance and subjects such as acoustics, cognition, writing, and visual art have remained unexplored. These lacunae have marginalized nonmusical aurality and contributed to the persistence of both ocularcentrism and a corresponding visual dominance in scholarship on Sor Juana--and indeed in early modern cultural production in general. As in many areas of her work, Sor Juana's engagement with acoustical themes restructures gendered discourses and transposes them to a feminine key. Hearing Voices focuses on these aural conceits in highlighting the importance of sound and--in most cases--its relationship with gender in Sor Juana's work and early modern culture. Sarah Finley explores attitudes toward women's voices and music making; intersections of music, rhetoric, and painting; aurality in Baroque visual art; sound and ritual; and the connections between optics and acoustics. Finley demonstrates how Sor Juana's striking aurality challenges ocularcentric interpretations and problematizes paradigms that pin vision to logos, writing, and other empirical models that traditionally favor men's voices. Sound becomes a vehicle for women's agency and responds to anxiety about the female voice, particularly in early modern convent culture.

Guantanamo Voices Dec 17 2022 An anthology of illustrated narratives about the prison and the lives it changed forever. In January 2002, the United States sent a group of Muslim men they suspected of terrorism to a prison in Guantánamo Bay. They were the first of roughly 780 prisoners who would be held there—and forty inmates still remain. Eighteen years later, very few of them have been ever charged with a crime. In Guantánamo Voices, journalist Sarah Mirk and her team of diverse, talented graphic novel artists tell the stories of ten people whose lives have been shaped and affected by the prison, including former prisoners, lawyers, social workers, and service members. This collection of illustrated interviews explores the history of Guantánamo and the world post-9/11, presenting this complicated partisan issue through a new lens. “These stories are shocking, essential, haunting, thought-provoking. This book should be required reading for all earthlings.” —The Iowa Review “This anthology disturbs and illuminates in equal measure.” —Publishers Weekly “Editor Mirk presents an extraordinary chronicle of the notorious prison, featuring first-person accounts by prisoners, guards, and other constituents that demonstrate the facility’s cruel reputation. . . . An eye-opening, damning indictment of one of America’s worst trespasses that continues to this day.” —Kirkus Reviews

Voices of American Indian Assimilation and Resistance May 10 2022 Between 1879 and 1934, the United States government made a concerted effort to dissolve American Indian tribes by allotting communally held lands and forcing them to adopt Euro-American practices. Yet women seized a wave of national fascination with American Indians to challenge the national drive to assimilate indigenous peoples. This book focuses on three women of this era -- the white writer and activist Helen Hunt Jackson, whose 1884 bestseller *Ramona* has been dubbed "the 'Indian' Uncle Tom's Cabin; " the Paiute performer Sarah Winnemucca, whose *Life Among the Piutes* is believed to be the first Native woman's autobiography; and Victoria Howard, the Clackamas Chinook storyteller, who worked with Melville Jacobs in 1929 to transcribe hundreds of narratives, ethnographic texts, and songs. Senier is the first to offer a reading of the texts of these three women together and her unique presentation of American Indian oral narrative alongside written narrative recovers a discourse of resistance to assimilation in general and allotment in particular in the voices of American Indian and women artists.

Melodramatic Voices: Understanding Music Drama Aug 13 2022 The genre of mélodrame à grand spectacle that emerged in the boulevard theatres of Paris in the 1790s - and which was quickly exported abroad - expressed the moral struggle between good and evil through a drama of heightened emotions. Physical gesture, mise en scène and music were as important in communicating meaning and passion as spoken dialogue. The premise of this volume is the idea that the melodramatic aesthetic is central to our understanding of nineteenth-century music drama, broadly defined as spoken plays with music, operas and other hybrid genres that combine music with text and/or image. This relationship is examined closely, and its evolution in the twentieth century in selected operas, musicals and films is understood as an extension of this nineteenth-century aesthetic. The book therefore develops our understanding of opera in the context of melodrama's broader influence on musical culture during the nineteenth and twentieth centuries. This book will appeal to those interested in film studies, drama, theatre and modern languages as well as music and opera.
