*Wicked Games* Jan 21 2023 Abby Lewis never pictured herself on the survival game show, Endurance Island. She's just not the 'survival' type. But when her boss offers her a spot on the show and the opportunity of a lifetime, she packs her bags and heads to the tropics to be a contestant.

The Summer Games Nov 14 2019 As an Olympic rookie, Andie Foster has spent far more time in her cleats than between the sheets. For 21 years, her Friday nights have consisted of blocking shots rather than taking them. But now that she's landed in Rio, she's ready to see for herself if the rumors about the Olympic Village are true: - The athletes are all sex-crazed maniacs... - The committee passes out condoms like candy... - The games continue long after the

medals have been handed out... As Andie walks the line between rumor and reality, she's forced into the path of Frederick Archibald, a decorated Olympic swimmer and owner of a sexy British accent-too bad he's unavailable in a way that "it's complicated" doesn't even begin to explain. In other words: off limits. It doesn't matter that he has abs that could bring peace to the Middle East and a smile that makes even the Queen blush; Andie fully intends on keeping her focus on the soccer field. But the Village is small. Suffocating. Everywhere Andie goes, Freddie happens to be there-shirtless, wet from the pool, and determined to show her a whole new meaning of the phrase "international affairs."

**The Game Plan** Dec 16 2019 A beard-related dare and one hot-as-hell kiss changes everything. NFL center Ethan Dexter's focus has always been on playing football and little else. Except when it comes to one particular woman. The lovely Fiona Mackenzie might not care about his fame, but she's also never looked at him as anything more than one of her brother-in-law's best friends. That ends now. Fi doesn't know what to make of Dex. The bearded, tattooed, mountain of man-muscle looks more like a biker than a football player. Rumor has it he's a virgin, but she finds that hard to believe. Because from the moment he decides to turn his quiet intensity on her she's left weak at the knees and aching to see his famous control fully unleashed. Fi ought to guard her heart and walk away; they live vastly different lives in separate cities. And Dex is looking for a forever girl. But Dex has upped his game and is using all his considerable charm to convince Fi he's her forever man.

*Bad Games* Feb 22 2023 The Lambert Family is heading to Crescent Lake, a rural cabin community in western Pennsylvania, for an idyllic weekend getaway. Some fishing, some barbecue, some games ... The Fannelli brothers are heading to Crescent Lake too. Some stalking, some kidnapping, some murder, definitely some games ... though not necessarily the type of games the Lamberts had in mind. *Breathless* Nov 26 2020 *Breathless* is the third standalone novel in The Game Series. "Will you beat me without knowing the reason?" That's the question I ask when I go to clubs to seek out Sadists. Most men say no immediately. They see the flags my question raises and walk away. They're the good guys. They're the guys who adhere to safe, sane, and consensual. They wanna be aware of the risks and cause no harm. But I'm not looking for a good guy. I'm looking for punishment. The strobe lights hit me as I reach their table. The heavy, industrial music is deafening, and my head is swimming with images of grief, fire, and accusation. I hear the piercing tone of a machine letting me know that I have to tell my two kid brothers that our sister's heart will never beat again. Maybe these two twin Sadists will help me. The only thing bigger than River and Reese Tenley is their reputation. They better not let me down. I ask my question. I ask if they'll beat me without knowing why I want it. They give me a stone-cold onceover, and I don't know if it's River or Reese who responds. He has a menacing-looking tattoo on his neck. "Sure. It's your funeral." The Game Series is a BDSM series with gay pairings where romance meets the reality of kink. Sometimes we fall for someone we don't match with, sometimes vanilla business gets in the way of kinky pleasure, and sometimes we have to compromise and push ourselves to overcome trauma and insecurities. No matter what, two things are certain. This is not a perfect world, and life never turns out the way you planned.

**World Game Series: Document 1** Mar 31 2021 The documents in this series originated with a proposal made by R. Buckminster Fuller to the International Union of Architects (I. U. A.) at their VIIth Congress in London, England in July, 1961, launching the World Design Science Decade. He proposed then that the architectural schools around the world be encouraged by the I. U. A. to invest the next ten years in a continuing problem of how to make the total

world's resources which [in 1961] serve only 40% serve 100% of humanity through competent design despite a continuing decrease of metal resources per capita. In essence, The World Design Science Decade series of documents suggests, in great detail, ways in which world architectural schools, and specifically their students, should initiate, and assume The Design Science Decade. The total series includes many of Fuller's most prescient ideas. A note from the series editor, John McHale: "Though the language of some of the texts may seem difficult at first approach, it should be borne in mind that one of our major problems in thinking today [1965] is the use of language systems which still represent a fixed, structurally compartmentalized world view. The terms available to us for the expression of dynamic, rather than static, concepts are far from satisfactory. Fuller's language is particularly representative of the 'transitional state' (of the western world) between the older, traditional, noun-centered culture to its present day, changing, verb-centered culture'. In his search for an adequately descriptive terminology he tends to employ concepts and usages from many different fields juxtaposed in ways which may be unfamiliar to those more customarily restrained within the vocabularies of particular disciplines." DOOM Mar 11 2022 In December 1993, gaming changed forever. id Software's seminal shooter DOOM was released, and it shook the foundations of the medium. Daniel Pinchbeck brings together the complete story of DOOM for the first time. This book takes a look at the early days of first-person gaming and the video game studio system. It discusses the prototypes and the groundbreaking technology that drove the game forward and offers a detailed analysis of gameplay and level design. Pinchbeck also examines DOOM's contributions to wider gaming culture, such as online multiplayer and the modding community, and the first-person gaming genre, focusing on DOOM's status as a foundational title and the development of the genre since 1993. Pinchbeck draws extensively from primary data: from the game itself, from the massive fan culture surrounding the title, and from interviews with the developers who made it. This book is not only the definitive work on DOOM but a snapshot of a period of gaming history, a manifesto for a development ethos, and a celebration of game culture at its best.

**Empire Games** Apr 19 2020 Charles Stross builds a new series with Empire Games, expanding on the world he created in the Family Trade series, a new generation of paratime travellers walk between parallel universes. The year is 2020. It's seventeen years since the Revolution overthrew the last king of the New British Empire, and the newly-reconstituted North American Commonwealth is developing rapidly, on course to defeat the French and bring democracy to a troubled world. But Miriam Burgeson, commissioner in charge of the shadowy Ministry of Intertemporal Research and Intelligence—the paratime espionage agency tasked with catalyzing the Commonwealth's great leap forward—has a problem. For years, she's warned everyone: "The Americans are coming." Now their drones arrive in the middle of a succession crisis. In another timeline, the U.S. has recruited Miriam's own estranged daughter to spy across timelines in order to bring down any remaining world-walkers who might threaten national security. Two nuclear superpowers are set on a collision course. Two increasingly desperate paratime espionage agencies try to find a solution to the first contact problem that doesn't result in a nuclear holocaust. And two women—a mother and her long-lost daughter—are about to find themselves on opposite sides of the confrontation. At the Publisher's request, this title is being sold without

*Their Boy* Jul 15 2022 The Game Series, #2 [Standalone.] Left all alone in the world-and in a very big house-after the loss of his parents, Kit Damien has struggled to find his place in society and in the kink community he longs to be a more active part of. Daddy Doms Colt and Lucas have been a happy, committed couple for eight years. But two Tops need a bottom, and their quest for a Little to make their lives complete has led them to Kit's empty doorstep. Colt and Lucas must challenge him at every turn to force him to open up and let them in, to let them use their own individual methods to make him whole again. Together, the three will embark on a journey to learn about true love, growing up, the importance of sprinkles, and the rules of The Game that can make them all winners.
