Once in a great while a book comes along that changes the way we see the world and helps to fuel a nationwide social movement. The New Jim Crow is such a book. Praised by Harvard Law professor Lani Guinier as "brave and bold," this book directly challenges the notion that the election of Barack Obama signals a new era of colorblindness. With dazzling candor, legal scholar Michelle Alexander argues that "we have not ended racial caste in America; we have merely redesigned it." By targeting black men through the War on Drugs and decimating communities of color, the U.S. criminal justice system functions as a contemporary system of racial control—relegating millions to a permanent second-class status—even as it formally adheres to

the principle of colorblindness. In the words of Benjamin Todd Jealous, president and CEO of the NAACP, this book is a "call to action." Called "stunning" by Pulitzer Prize-winning historian David Levering Lewis, "invaluable" by the Daily Kos, "explosive" by Kirkus, and "profoundly necessary" by the Miami Herald, this updated and revised paperback edition of *The New Jim Crow*, now with a foreword by Cornel West, is a must-read for all people of conscience. Michelle Alexander's *The New Jim Crow: Mass Incarceration in the Age of Colorblindness* is an unflinching dissection of the racial biases built into the American prison system. Named after the laws that enforced racial segregation in the southern United States until the mid-1960s, *The New Jim Crow* argues that while America is now legally a colorblind society – treating all races equally under the law – many factors combine to build profound racial weighting into the legal system. The US now has the world's highest rate of incarceration, and a disproportionate percentage of the prison population is comprised of African-American men. Alexander's argument is that different legal factors have combined to mean both that African-Americans are more likely to be targeted by police, and to receive long jail sentences for their crimes. While many of Alexander's arguments and statistics are to be found in other books and authors' work, *The New Jim Crow* is a masterful example of the reasoning skills that communicate arguments persuasively. Alexander's skills are those fundamental to critical thinking reasoning: organizing evidence, examining other sides of the question, and synthesizing points to create an overall argument that is as watertight as it is persuasive. This well-researched volume explores how the Black freedom struggle and the anti-Vietnam War movement dovetailed with faculty and student activism in the South to undermine the traditional role of higher education and bring about social change. It uses the battles between students, faculty, presidents, trustees, elected officials, and funding agencies to explain how Black and White southern campuses transformed themselves into reputable academic centers. No matter the type of institution, these battles represented cracks in the edifice of the Old South and precipitated wide-ranging changes in southern higher education and society as well. This thought-provoking history offers scholars and others interested in institutional autonomy and the value of civil society a deep understanding of the central role that institutions of higher education can play in social and political change and the vital importance of independent institutions during times of national crisis. "The riveting prose and well-researched narrative tell the stories of the past while also teaching lessons for today." —Marybeth Gasman, University of Pennsylvania "A must-read for every serious student of higher education, academic freedom, free speech, civil rights, student protest, and southern history." —Robert Cohen, New York University "Takes us back to a recent period in the American South in which the suppression of speech was commonplace in government and in the routines of everyday life." —James D. Anderson, University of Illinois A Choice Outstanding Academic Title (2004) In 1821, New York's political leaders met for over two months to

rewrite the state's constitution. The new document secured the right to vote for the great mass of white men while denying all but the wealthiest African-American men access to the polls. *Jim Crow New York* introduces students and scholars alike to this watershed event in American political life. This action crystallized the paradoxes of free black citizenship, not only in the North but throughout the nation: African Americans living in New York would no longer be slaves. But would they be citizens? *Jim Crow New York* provides readers with both scholarly analysis and access to a series of extraordinary documents, including extensive excerpts from the resonant speeches made at New York's 1821 constitutional convention and additional documents which recover a diversity of voices, from lawmakers to African-American community leaders, from newspaper editors to activists. The text is further enhanced by extensive introductory essays and headnotes, maps, illustrations, and a detailed bibliographic essay. "No country in history has ever handed over so many inmates to private corporations. This book looks at the consequences" (Eric Schlosser, bestselling author of *Fast Food Nation*). In *Prison Profiteers*, coeditors Tara Herivel and Paul Wright "follow the money to an astonishing constellation of prison administrators and politicians working in collusion with private parties to maximize profits" (*Publishers Weekly*). From investment banks, guard unions, and the makers of Taser stun guns to health care providers, telephone companies, and the US military (which relies heavily on prison labor), this network of perversely motivated interests has turned the imprisonment of 1 out of every 135 Americans into a lucrative business. Called "an essential read for anyone who wants to understand what's gone wrong with criminal justice in the United States" by ACLU National Prison Project director Elizabeth Alexander, this incisive and deftly researched volume shows how billions of tax dollars designated for the public good end up lining the pockets of those private enterprises dedicated to keeping prisons packed. "An important analysis of a troubling social trend" that is sure to inform and outrage any concerned citizen, *Prison Profiteers* reframes the conversation by exposing those who stand to profit from the imprisonment of millions of Americans (*Booklist*). "Indispensable . . . An easy and accessible read—and a necessary one." —The San Diego Union-Tribune "This is lucid, eye-opening reading for anyone interested in American justice." —*Publishers Weekly* "Impressive . . . A thoughtful, comprehensive and accessible analysis of the money trail behind the prison-industrial-complex." —The Black Commentator Michelle Alexander's *The New Jim Crow: Mass Incarceration in the Age of Colorblindness* is an unflinching dissection of the racial biases built into the American prison system. Named after the laws that enforced racial segregation in the southern United States until the mid-1960s, *The New Jim Crow* argues that while America is now legally a colorblind society – treating all races equally under the law – many factors combine to build profound racial weighting into the legal system. The US now has the world's highest rate of incarceration, and a disproportionate percentage of the prison population is comprised of African-

American men. Alexander's argument is that different legal factors have combined to mean both that African-Americans are more likely to be targeted by police, and to receive long jail sentences for their crimes. While many of Alexander's arguments and statistics are to be found in other books and authors' work, *The New Jim Crow* is a masterful example of the reasoning skills that communicate arguments persuasively. Alexander's skills are those fundamental to critical thinking reasoning: organizing evidence, examining other sides of the question, and synthesizing points to create an overall argument that is as watertight as it is persuasive.

C. Vann Woodward, who died in 1999 at the age of 91, was America's most eminent Southern historian, the winner of a Pulitzer Prize for *Mary Chestnut's Civil War* and a Bancroft Prize for *The Origins of the New South*. Now, to honor his long and truly distinguished career, Oxford is pleased to publish this special commemorative edition of Woodward's most influential work, *The Strange Career of Jim Crow*. *The Strange Career of Jim Crow* is one of the great works of Southern history. Indeed, the book actually helped shape that history. Published in 1955, a year after the Supreme Court in *Brown v. Board of Education* ordered schools desegregated, *Strange Career* was cited so often to counter arguments for segregation that Martin Luther King, Jr. called it "the historical Bible of the civil rights movement." The book offers a clear and illuminating analysis of the history of Jim Crow laws, presenting evidence that segregation in the South dated only to the 1890s. Woodward convincingly shows that, even under slavery, the two races had not been divided as they were under the Jim Crow laws of the 1890s. In fact, during Reconstruction, there was considerable economic and political mixing of the races. The segregating of the races was a relative newcomer to the region. Hailed as one of the top 100 nonfiction works of the twentieth century, *The Strange Career of Jim Crow* has sold almost a million copies and remains, in the words of David Herbert Donald, "a landmark in the history of American race relations."

A Complete Summary of *The New Jim Crow: Mass Incarceration in the Age of Colorblindness*

The New Jim Crow is a book written by Michelle Alexander. The book is about the increased percentage of incarceration among the African-American population in the United States and the segregation that is imposed on them and that controls them. The new Jim Crow is actually a continuation of the Jim Crow legal system which was present in the United States of America prior to the Civil War. Back then, the African American people were deemed second-class citizens, which meant that they had no rights. This meant that African-American people had no right to vote, no right to participate in the judicial or legal system, and had no representatives of their own in the entire legal system. The mistreatment of the African American people did not end when these things ended; in fact, the problems regarding segregation of African-American people are still present today. Michelle Alexander's book is here to show us the truth about segregation, which is often hidden through political promises or even negligence. *The New Jim Crow* is an interesting, eye-opening book, which everyone should read in

order to understand the issues of continued racial segregation in the United States. Our summary is divided into several sections: first we will summarize the book, and try to learn as much as we can about what the author is trying to say. After this, we will have an analysis of the book and then a quiz with answers to test your knowledge. Finally, we will give you a short conclusion just to review everything we have learned. So, let's get started. Here Is A Preview Of What You Will Get: - In The New Jim Crow, you will get a summarized version of the book. - In The New Jim Crow, you will find the book analyzed to further strengthen your knowledge. - In The New Jim Crow, you will get some fun multiple choice quizzes, along with answers to help you learn about the book. Get a copy, and learn everything about The New Jim Crow . So much to read, so little time? This brief overview of The New Jim Crow tells you what you need to know—before or after you read Michelle Alexander's book. Crafted and edited with care, Worth Books set the standard for quality and give you the tools you need to be a well-informed reader. This short summary and analysis of The New Jim Crow by Michelle Alexander includes: Historical context Chapter-by-chapter summaries Detailed timeline of key events Profiles of the main characters Important quotes Fascinating trivia Glossary of terms Supporting material to enhance your understanding of the original work About The New Jim Crow by Michelle Alexander: Legal scholar and civil rights lawyer Michelle Alexander's invaluable and timely work, The New Jim Crow, examines what she calls the new racial caste system in United States: mass incarceration. Following the practices of slavery and institutional discrimination, Alexander argues, mass incarceration is part of America's legacy to dehumanize and disenfranchise African Americans and Latinos. According to Alexander, "we have not ended racial caste in America; we have merely redesigned it." Thanks in a large part to the War on Drugs, more than two million people are in America's prisons today—an overwhelming majority of them are people of color who've been jailed for minor drug charges. When these adults leave prison, they are often denied employment, housing, the right to vote, and a quality education. As a result, they are rarely able to integrate successfully into society. The New Jim Crow is a well-argued call to dismantle a system of policies that continues to deny civil rights, decades after the passing of the Civil Rights and Voting Rights Acts. The summary and analysis in this ebook are intended to complement your reading experience and bring you closer to a great work of nonfiction. The New Jim Crow: Mass Incarceration in the Age of Colorblindness by Michelle Alexander Conversation Starters When Barack Obama won the presidency in 2009, the world thought that America has finally won over racial discrimination. Legal scholar and civil rights lawyer Michelle Alexander however realizes that this is far from the truth. The New Jim Crow is an exposition of how America has created a caste system through the mass incarceration of blacks who are imprisoned through harsh drug laws. Just like the Jim Crow laws that rendered blacks second-class citizens in the late 19th and early 20th centuries, today's incarcerated blacks are prevented by

the criminal legal system from taking advantage of their economic, political and social rights as American citizens. Published in 2010, the book was on The New York Times bestseller list for over a year. It is the 2011 NAACP Image Award for best nonfiction. A Brief Look Inside: EVERY GOOD BOOK CONTAINS A WORLD FAR DEEPER than the surface of its pages. The characters and their world come alive, and the characters and its world still live on. "Do not underestimate the power of the book you are holding in your hands." —Michelle Alexander More than 2 million people are now imprisoned in the United States, producing the highest rate of incarceration in the world. How did this happen? As the director of The Sentencing Project, Marc Mauer has long been one of the country's foremost experts on sentencing policy, race, and the criminal justice system. His book *Race to Incarcerate* has become the essential text for understanding the exponential growth of the U.S. prison system; Michelle Alexander, author of the bestselling *The New Jim Crow*, calls it "utterly indispensable." Now, Sabrina Jones, a member of the World War 3 Illustrated collective and an acclaimed author of politically engaged comics, has collaborated with Mauer to adapt and update the original book into a vivid and compelling comics narrative. Jones's dramatic artwork adds passion and compassion to the complex story of the penal system's shift from rehabilitation to punishment and the ensuing four decades of prison expansion, its interplay with the devastating "War on Drugs," and its corrosive effect on generations of Americans. With a preface by Mauer and a foreword by Alexander, *Race to Incarcerate: A Graphic Retelling* presents a compelling argument about mass incarceration's tragic impact on communities of color—if current trends continue, one of every three black males and one of every six Latino males born today can expect to do time in prison. The race to incarcerate is not only a failed social policy, but also one that prevents a just, diverse society from flourishing. "A powerful series that fills in the cracks and illuminates the shadows of the past." —Sherri L. Smith, award-winning author of *Flygirl* Introducing a new nonfiction series for the next generation of activists, uncovering the hidden history of the United States through an anti-racist lens. The true story of the discriminatory laws and ideas that affected African American life for generations. In the late nineteenth century, white lawmakers in the United States created a set of policies, collectively called

“Jim Crow,” that created segregated facilities, like schools and parks, for African Americans in the South. But Jim Crow–type policies didn’t just affect the South. These policies have had far-reaching effects across America, impacting where Black people live, how they’re treated by the criminal justice system, and how they’re portrayed in TV and film. *The Legacy of Jim Crow* explores the details that have far too often been covered up, along with exclusive interviews with experts, including Pulitzer Prize–winning author Jeffrey C. Stewart. A tenth-anniversary edition of the iconic bestseller--"one of the most influential books of the past 20 years," according to the *Chronicle of Higher Education*--with a new preface by the author Seldom does a book have the impact of Michelle Alexander's *The New Jim Crow*. Since it was first published in 2010, it has been cited in judicial decisions and has been adopted in campus-wide and community-wide reads; it helped inspire the creation of the Marshall Project and the new \$100 million Art for Justice Fund; it has been the winner of numerous prizes, including the prestigious NAACP Image Award; and it has spent nearly 250 weeks on the *New York Times* bestseller list. Most important of all, it has spawned a whole generation of criminal justice reform activists and organizations motivated by Michelle Alexander's unforgettable argument that "we have not ended racial caste in America; we have merely redesigned it." As the *Birmingham News* proclaimed, it is "undoubtedly the most important book published in this century about the U.S." Now, ten years after it was first published, The New Press is proud to issue a tenth-anniversary edition with a new preface by Michelle Alexander that discusses the impact the book has had and the state of the criminal justice reform movement today. "Ward takes James Baldwin's 1963 examination of race in America, *The Fire Next Time*, as a jumping off point for this ... collection of essays and poems about race from ... voices of her generation and our time"-- Intensive look at restrictive new voting laws ostensibly designed to target voter fraud but criticized as being racially-based voter suppression. Since 2003, several US states have passed new laws that complicate the process of voter registration and voting. Framed as controls on voter fraud, the laws have spawned controversy in both the courts and public opinion, the latter falling along a sharp partisan divide. *Much Sound and Fury*, or the *New Jim Crow?* offers a scholarly analysis, not of the intent but rather the impact of these laws. Beginning with a historical overview of the expanding and contracting right to vote, particularly regarding its impact on African Americans, subsequent chapters use quantitative analysis to analyze the impact of identification requirement laws, proof-of-citizenship requirements, felony disenfranchisement, and gerrymandering. Before 2020, the impact of the laws leaned slightly negative but was mixed. More recent developments, however, point to a far more alarming implication—widespread belief in factually-baseless allegations of fraud, which undermines Americans' trust and faith in our constitutional democracy; these allegations reached a crescendo in 2021 as a violent mob seized the US Capitol. The book concludes with an afterword on the 2020 elections and their

aftermath. Michael A. Smith is Professor of Political Science and Chair of Social Sciences at Emporia State University. He is the author of several books, including *Low Taxes and Small Government: Sam Brownback's Great Experiment in Kansas* (with Robert J. Grover and Rob Catlett). The New Jim Crow (2010) unveils an appalling system of discrimination in the United States that has led to the unprecedented mass incarceration of African-Americans. The so-called War on Drugs, under the jurisdiction of an ostensibly colorblind justice system, has only served to make the problem worse by introducing unconscious racial bias into the decision-making process regarding sentencing and judgments. The New Jim Crow summary includes the key points and important takeaways from the book *The New Jim Crow* by Michelle Alexander. Disclaimer: 1. This summary is meant to preview and not to substitute the original book. 2. We recommend, for in-depth study purchase the excellent original book. 3. "Seeks to focus people in the direction of dismantling our nation's huge and egregious prison industrial systems, the old but new Jim Crow. In it, Daniel Hunter describes key organizing principles and offers an array of examples that describe concrete ways that individuals, organizations, and coalitions are achieving significant successes, which cultivate the soil for more and more significant campaigns in this crucial struggle"-- The New Jim Crow Summary and Study Guide

The New Jim Crow: Mass Incarceration in the Age of Colorblindness is a nonfiction book published in 2010 by American author and legal scholar Michelle Alexander. The book argues that the War on Drugs and mass incarceration operate as tools of racialized social control and oppression, not unlike the system in place during the Jim Crow era in the American South. The winner of the NAACP Image Award for Nonfiction, *The New Jim Crow* continues to appear on countless racial justice reading lists and was

named one of the most influential books of the past 20 years by the Chronicle of Higher Education. This study guide refers to the 10th anniversary edition published in 2020 by the New Press. Between the 1870s and 1960s, legal segregation, racially targeted voting laws, and a host of other political, legal, and cultural forces effectively transformed Black men and women living in the American South into second-class citizens—or, as Alexander puts it, members of a "racial undercaste" (129). This period of American history is known as the Jim Crow era. While civil rights legislation in the 1960s eliminated this specific form of oppression and disenfranchisement, a new form of racialized social control emerged in the 1980s: mass incarceration. With the launch of the War on Drugs and a series of draconian crime bills, the number of incarcerated Americans skyrocketed in less than three decades from 300,000 to over 2 million, most of them for drug convictions and most of them Black men. This transpired even though white and Black Americans sell and use drugs at roughly the same rates. Far from being an effective system of crime deterrence, Alexander argues that mass incarceration increases violent crime. Given that the United States declared the War on Drugs before Americans even perceived drug use to be a serious problem, this leads Alexander to conclude that mass incarceration was designed as a system of racial control rather than an effort to combat violent crime... In recent years, America's criminal justice system has become the subject of an increasingly urgent debate. Critics have assailed the rise of mass incarceration, emphasizing its disproportionate impact on people of color. As James Forman, Jr., points out, however, the war on crime that began in the 1970s was supported by many African American leaders in the nation's urban centers. In *Locking Up Our Own*, he seeks to understand why. Forman shows us that the first substantial cohort of Black mayors, judges, and police chiefs took office amid a surge in crime and drug addiction. Many prominent Black officials, including Washington, D.C. mayor Marion Barry and federal prosecutor Eric Holder, feared that the gains of the civil rights movement were being undermined by lawlessness—and thus embraced tough-on-crime measures, including longer sentences and aggressive police tactics. In the face of skyrocketing murder rates and the proliferation of open-air drug markets, they believed they had no choice. But the policies they adopted would have devastating consequences for residents of poor Black neighborhoods. A former D.C. public defender, Forman tells riveting stories of politicians, community activists, police officers, defendants, and crime victims. He writes with compassion about individuals trapped in terrible dilemmas—from the men and women he represented in court to officials struggling to respond to a public safety emergency. *Locking Up Our Own* enriches our understanding of why our society became so punitive and offers important lessons to anyone concerned about the future of race and the criminal justice system in this country. **DISCLAIMER:** This is a book summary of *The New Jim Crow: Mass Incarceration in the Age of Colorblindness* by Michelle Alexander and is not the original book. This book is not meant to replace the original book but to serve as a

companion text. SYNOPSIS: The New Jim Crow (2010) unveils the insidious nature of discrimination in the United States that has led to the unprecedented mass incarceration of African-American men. The so-called War on Drugs, under the jurisdiction of an ostensibly colorblind justice system, has only perpetuated the problem through unjust racial bias in judgment and sentencing. ABOUT THE AUTHOR: Michelle Alexander is an award-winning legal scholar and lawyer at the Harvard Law School. Drawing from and expanding on the themes of Michelle Alexander's acclaimed best-seller, The New Jim Crow, this in-depth guide provides a launching pad for groups wishing to engage in deep, meaningful dialogue about race, racism, and structural inequality in the age of mass incarceration. The Study Guide and Call to Action spans the entirety of The New Jim Crow, engaging the critical questions of how we managed to create, nearly overnight, a penal system unprecedented in world history, and how that system actually functions - as opposed to the way it is advertised. This important new resource also challenges us to search for and admit the truth about ourselves, our own biases, stereotypes, and misconceptions, and the many ways in which we might actually be part of the problem. The New Jim Crow: Mass Incarceration in the Age of Colorblindness is a nonfiction book published in 2010 by American author and legal scholar Michelle Alexander. The book argues that the War on Drugs and mass incarceration operate as tools of racialized social control and oppression, not unlike the system in place during the Jim Crow era in the American South. The winner of the NAACP Image Award for Nonfiction, The New Jim Crow continues to appear on countless racial justice reading lists and was named one of the most influential books of the past 20 years by the Chronicle of Higher Education. Learn About American Minorities Are Targeted By Unjust Laws In Order To Keep Them Out Of Mainstream Society In A Fraction Of The Time It Takes To Read The Actual Book!!! Today only, get this #1 Amazon bestseller for just \$2.99. Regularly priced at \$9.99. Read on your PC, Mac, smart phone, tablet or Kindle device Michelle Alexander names three audiences whom she intends to reach and inform with her book. The first is composed of people who care profoundly about racial justice but who do not yet realize the enormous crisis of mass incarceration of people of color. The second is composed of the people who recognize a trend in the criminal justice system that resembles the racism of decades ago but who do not have the facts to back their beliefs. Last of all, she hopes to reach the many people incarcerated in the American prison system. She then uses an antidote to explain her main point, that the U.S. incarceration system continues the racial discrimination evident in our country's history. Jarvis Cotton's great-great grandfather was unable to vote because he was a slave. Cotton's great grandfather was killed by the Ku Klux Klan for attempting to vote. His grandfather did not vote because of the KKK's threats. Cotton's father could not vote because of poll taxes and literacy tests. And, finally, Cotton cannot vote because he was once convicted as a

felon. Alexander explains that voting is the most basic democratic freedom and right, yet black people throughout U.S. history have been unable to hold or else exercise that right. Furthermore, racial discrimination continues today in a legalized form because once-convicted felons are legally required to explain their background and may be legally refused service or opportunities because of it. While the reasons and rationalizations that have been used to support racial exclusion and discrimination have changed over the years, the outcome is mostly the same. In other words, in spite of the seeming advances of today, discrimination continues under the pretext of a different language; while our society likes to exemplify a "colorblind" mentality, racist ideology is implicitly carried out through the criminal justice system. Once a person is labeled a felon, employment and housing discrimination are legal, even expected; furthermore, the right to vote, educational opportunities, jury service, and food stamps as well as other forms of public benefit are revoked. The pre-Civil War and pre-Civil Rights Movement discrimination has not ended but been redesigned. The authors provide a wholly new framework for understanding why poor women have lower rates of marriage and have children outside of wedlock.

A Publishers Weekly Best Book of 2018 “An important contribution to our understanding of how ordinary people found the strength to fight for equality for schoolchildren and their teachers.” —Wall Street Journal In the epic tradition of *Eyes on the Prize* and with the cultural significance of John Lewis’s *March* trilogy, an ambitious and harrowing account of the devoted black educators who battled southern school segregation and inequality For two years an aging Dr. Horace Tate—a former teacher, principal, and state senator—told Emory University professor Vanessa Siddle Walker about his clandestine travels on unpaved roads under the cover of night, meeting with other educators and with Dr. King, Georgia politicians, and even U.S. presidents. Sometimes he and Walker spoke by phone, sometimes in his office, sometimes in his home; always Tate shared fascinating stories of the times leading up to and following *Brown v. Board of Education*. Dramatically, on his deathbed, he asked Walker to return to his office in Atlanta, in a building that was once the headquarters of another kind of southern strategy, one driven by integrity and equality. Just days after Dr. Tate’s passing in 2002, Walker honored his wish. Up a dusty, rickety staircase, locked in a concealed attic, she found the collection: a massive archive documenting the underground actors and covert strategies behind the most significant era of the fight for educational justice. Thus began Walker’s sixteen-year project to uncover the network of educators behind countless battles—in courtrooms, schools, and communities—for the education of black children. Until now, the courageous story of how black Americans in the South won so much and subsequently fell so far has been incomplete. *The Lost Education of Horace Tate* is a monumental work that offers fresh insight into the southern struggle for human rights, revealing little-known accounts of leaders such as W.E.B. Du Bois and James Weldon Johnson, as well as hidden provocateurs like Horace Tate. A narrative account of Jim Crow as people experienced it The last generation of Americans with a living memory of Jim Crow will soon disappear. They leave behind a collective memory of segregation shaped increasingly by its horrors and heroic defeat but not a nuanced understanding of everyday life in Jim Crow America. In *The South*, Adolph L. Reed Jr. — New Orleanian, political scientist, and according to Cornel West, “the greatest democratic theorist of his generation” — takes up the urgent task of recounting the granular realities of life in the last decades of the Jim Crow South. Reed illuminates the multifaceted structures of the segregationist order. Through his personal history and political acumen, we see America’s apartheid system from the ground up, not just its legal framework or systems of power, but the way these systems structured the day-to-day interactions, lives, and ambitions of ordinary working people. *The South* unravels the personal and political dimensions of the Jim Crow order, revealing the sources and objectives of this unstable regime, its contradictions and precarity, and the social order that would replace it. *The South* is more than a memoir or a history. Filled with analysis and fascinating firsthand accounts of the operation of the system that codified and enshrined racial inequality, this book is required reading for

anyone seeking a deeper understanding of America's second peculiar institution the future created in its wake. With a foreword from Barbara Fields, co-author of the acclaimed *Racecraft*. * Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. *By reading this summary, you will discover the discrimination that still prevails in the American judicial system today. *You will also discover that : the American justice system is based on mass incarceration; the first priority, the war on drugs, fills prisons without any concrete justification or positive impact; people of color make up a disproportionate share of the prison population; the discrimination affecting ex-prisoners is brutal and long-lasting; structural racism in the criminal process makes it a true system of racial control. *Years after desegregation and the civil rights movement in the United States, it is often thought that racism as a system is a sad memory. American society believes that it can live without racial prejudice and ensure equality of opportunity. For the vast majority of the African-American population, however, this hope is far from reality. For many young black men, prison is the most likely prospect for the future. Entire communities live under the threat of social stigma and the loss of all their rights. *Buy now the summary of this book for the modest price of a cup of coffee! *The New Jim Crow* by Michelle Alexander: Conversation Starters When Barack Obama won the presidency in 2009, the world thought that America has finally won over racial discrimination. Legal scholar and civil rights lawyer Michelle Alexander however realizes that this is far from the truth. *The New Jim Crow* is an exposition of how America has created a caste system through the mass incarceration of blacks who are imprisoned through harsh drug laws. Just like the Jim Crow laws that rendered blacks second-class citizens in the late 19th and early 20th centuries, today's incarcerated blacks are prevented by the criminal legal system from taking advantage of their economic, political and social rights as American citizen. Published in 2010, the book was on *The New York Times* bestseller list for over a year. It is the 2011 NAACP Image Award for best nonfiction. A Brief Look Inside: EVERY GOOD BOOK CONTAINS A WORLD FAR DEEPER than the surface of its pages. The characters and their world come alive, and the characters and its world still live on. Conversation Starters is peppered with questions designed to bring us beneath the surface of the page and invite us into the world that lives on. These questions can be used to... Create Hours of Conversation: - Promote an atmosphere of discussion for groups - Foster a deeper understanding of the book - Assist in the study of the book, either individually or corporately - Explore unseen realms of the book as never seen before Disclaimer: This book you are about to enjoy is an independent resource meant to supplement the original book. If you have not yet read the original book, we encourage you to before purchasing this unofficial Conversation Starters. White publishers and editors used their newspapers to build, nurture, and protect white supremacy across the South in the decades after the Civil War. At the same time, a vibrant Black press fought to disrupt these efforts and force the United

States to live up to its democratic ideals. *Journalism and Jim Crow* centers the press as a crucial political actor shaping the rise of the Jim Crow South. The contributors explore the leading role of the white press in constructing an anti-democratic society by promoting and supporting not only lynching and convict labor but also coordinated campaigns of violence and fraud that disenfranchised Black voters. They also examine the Black press's parallel fight for a multiracial democracy of equality, justice, and opportunity for all—a losing battle with tragic consequences for the American experiment. Original and revelatory, *Journalism and Jim Crow* opens up new ways of thinking about the complicated relationship between journalism and power in American democracy. Contributors: Sid Bedingfield, Bryan Bowman, W. Fitzhugh Brundage, Kathy Roberts Forde, Robert Greene II, Kristin L. Gustafson, D'Weston Haywood, Blair LM Kelley, and Razvan Sibii Drawing from and expanding on the themes of Michelle Alexander's acclaimed best-seller, *The New Jim Crow*, this in-depth guide provides a launching pad for groups wishing to engage in deep, meaningful dialogue about race, racism, and structural inequality in the age of mass incarceration. The Study Guide and Call to Action spans the entirety of *The New Jim Crow*, engaging the critical questions of how we managed to create, nearly overnight, a penal system unprecedented in world history, and how that system actually functions - as opposed to the way it is advertised. This important new resource also challenges us to search for and admit the truth about ourselves, our own biases, stereotypes, and misconceptions, and the many ways in which we might actually be part of the problem. Don't miss this summary of Michelle Alexander's controversial and eye-opening book: "The New Jim Crow: Mass Incarceration in the Age of Colorblindness." This FastReads' Summary provides chapter synopses, key takeaways, and analysis to help you fully digest this stunning and explosive criticism of the modern racial caste system in America. What Will You Learn from Reading This Book? The history of racism, slavery, Jim Crow, and modern discrimination in America Evidence behind the systematic incarceration of black people in America How the stigma of black criminals isn't just for criminals The viscous cycle of crime and recidivism in black communities The racially-driven double standards that penetrate the American justice system How these current injustices were intentionally engineered to replace the old Jim Crow and maintain racial inequality Book Summary Overview Obama's election as the president might have seemed like the dawn of a new era of colorblindness in America, but Alexander argues that we are far from eradicating racism—we have just redesigned it. Alexander also presents sufficient evidence to help the reader come to terms with the horrifying realities of modern racism. Ultimately, she concludes that although the prison system is supposed to reform people, it acts primarily as method of control and servitude in America—very much like slavery. Alexander's disarming voice and candor make this an incredible book, despite the grimness of its overarching themes. Click Buy Now with 1-Click to Own Your Copy Today! review of the book and not the original book. This gorgeous collection gathers Alice Walker's wide-ranging meditations—many of them previously unpublished—on our intertwined personal, spiritual, and political destinies. For the millions of her devoted fans, and for readers of Walker's bestselling 2006 book, *We Are the Ones We Have Been Waiting For*, here is a brand new "gift of words" that invites readers on a journey of political awakening and spiritual insight. *The Cushion in the Road* finds the Pulitzer Prize-winning novelist, poet, essayist, and activist at the height of her literary powers, sharing fresh vantages and a deepening engagement with our world. Walker writes that "we are beyond a rigid category of color, sex, or spirituality if we are truly alive," and the pieces in *The Cushion in the Road* illustrate this idea beautifully. Visiting themes she has addressed throughout her career—including racism, Africa, Palestinian solidarity, and Cuba—as well as addressing emergent issues, such as the presidency of Barack Obama on health care, Walker explores her conflicting impulses to retreat into inner contemplation and to remain deeply engaged with the world. Rich with humor and wisdom, and informed by Walker's unique eye for the details of human and natural experience, *The Cushion in the Road* will please longtime Walker fans as well as those who are new to her work. New York Times Bestseller • Notable Book of the Year • Editors' Choice Selection One of Bill Gates' "Amazing Books" of the Year One of Publishers Weekly's 10 Best Books of the Year Longlisted for the National Book Award for Nonfiction An NPR Best Book of the Year Winner of the Hillman Prize for Nonfiction Gold Winner • California Book Award (Nonfiction) Finalist • Los Angeles Times Book Prize (History) Finalist • Brooklyn Public Library Literary Prize This "powerful and disturbing history" exposes how American governments deliberately imposed racial segregation on metropolitan areas nationwide (New York Times Book Review). Widely heralded as a "masterful" (Washington Post) and "essential" (Slate) history of the modern American metropolis, Richard Rothstein's *The Color of Law* offers "the most forceful argument ever published on how federal, state, and local governments gave rise to and reinforced neighborhood segregation" (William Julius Wilson). Exploding the myth of de facto segregation arising from private prejudice or the unintended consequences of economic forces, Rothstein describes how the American government systematically imposed residential segregation: with undisguised racial zoning; public housing that purposefully segregated previously mixed communities; subsidies for builders to create whites-only suburbs; tax exemptions for institutions that enforced segregation; and support for violent resistance to African Americans in white neighborhoods. A groundbreaking, "virtually indispensable" study that has already transformed our understanding of twentieth-century urban history (Chicago Daily Observer), *The Color of Law* forces us to face the obligation to remedy our unconstitutional past. *The New Jim Crow* by Michelle Alexander | Summary & Analysis Preview: *The New Jim Crow* argues that the ongoing "War on Drugs" and the resulting mass incarceration of African Americans is the moral

equivalent of Jim Crow. Beginning in the seventeenth century, institutions emerged in colonial America that contributed to the creation of a racial caste system. America's current racial caste system builds upon the legacy of both chattel slavery that existed in the United States prior to the Civil War and on the system of Jim Crow laws that designated African Americans to second-class citizenship in many parts of the American South prior to the civil rights movement. This racial caste system is perpetuated across the country by members of both political parties. It has resulted in a large number of African American men who cannot vote, serve on juries, or find employment and housing. Discrimination against convicts is legally accepted and widespread...

We read every chapter, identify the key takeaways and analyze them for your convenience. This is a Summary of Michelle Alexander's The New Jim Crow: Mass Incarceration in the Age of Colorblindness The New Jim Crow is a book praised by Harvard Law professor Lani Guinier as "brave and bold," this book directly challenges the notion that the election of Barack Obama signals a new era of colorblindness. With dazzling candor, legal scholar Michelle Alexander argues that "we have not ended racial caste in America; we have merely redesigned it." By targeting black men through the War on Drugs and decimating communities of color, the U.S. criminal justice system functions as a contemporary system of racial control-relegating millions to a permanent second-class status-even as it formally adheres to the principle of colorblindness. In the words of Benjamin Todd Jealous, president and CEO of the NAACP, this book is a "call to action." Called "stunning" by Pulitzer Prize-winning historian David Levering Lewis, "invaluable" by the Daily Kos, "explosive" by Kirkus, and "profoundly necessary" by the Miami Herald, this updated and revised paperback edition of The New Jim Crow, now with a foreword by Cornel West, is a must-read for all people of conscience. Available in a variety of formats, this summary is aimed for those who want to capture the gist of the book but don't have the current time to devour all 336 pages. You get the main summary along with all of the benefits and lessons the actual book has to offer. This is a summary that is not intended to be used without reference to the original book.
